

## Accession Meeting & Webinar

Video collaboration solutions available with AirePBX Enterprise

With up to 80% of business meetings now including remote participants, more organizations are increasingly relying on video conferencing to improve collaboration and productivity. Companies are looking to update their existing solutions and/or to standardize on newer, more secure, business-class applications. Businesses need solutions that can securely scale to meet all situations while keeping costs to a minimum. Cloud hosted unified communications (UCaaS) and collaboration solutions such as Accession Meeting, a 100% cloud-based conferencing application, enable organizations to significantly lower costs and reduce complexity while improving productivity and the overall user experience. Accession Meeting, based on the industry leading Zoom Enterprise Video Conferencing and Collaboration platform, provides a comprehensive collaboration environment that scales from SMBs to Fortune 500 businesses without the need to install any hardware infrastructure or applications onsite.

Accession Meeting Features	Available Accession Meeting Licenses
<ul style="list-style-type: none"><li>• 100% cloud-based conferencing.</li><li>• Fully scalable, collaborative solution.</li><li>• All participants are able to screen share, turn on their video and audio, present, and see who else is in attendance.</li><li>• Local Audio and Video Recording.</li><li>• Can accommodate hundreds of attendees per meeting depending on license.</li></ul>	<ul style="list-style-type: none"><li>• 10 Participants</li><li>• 25 Participants</li><li>• 100 Participants</li></ul>

## Accession Webinar

A great complementary add-on to Accession Meeting, Accession Webinar is designed so that the host and panelists can share their video, audio and screen. Attendees have the ability to interact via Q&A, chat, and answering polling questions.

Accession Video Webinars are different than other webinar solutions because of their incredible quality, reliability, scalability, and affordability. Seeing the presenters makes a world of difference in building personal connections, engagement, and trust.

Accession Webinar Features	Available Accession Webinar Licenses:
<ul style="list-style-type: none"> <li>• Easy set-up and Registration.</li> <li>• HD Video and Audio Conferencing with up to 100 live video panelists able to share their webcam and interact with the audience.</li> <li>• Dual Screen Support shows panelists and presentation at same time.</li> <li>• Flexible Registration Options allow you to approve registrations manually or automatically.</li> <li>• Practice Session feature enables you to meet with other panelists to prep for your webinar.</li> <li>• Host can mute/unmute panelists.</li> <li>• Private and group panelist chat (can be enabled for attendees too).</li> <li>• Interactive polling function allows you to receive and share audience input.</li> <li>• Q&amp;A Dialog Box enables attendees to ask questions and get answers via live chat.</li> <li>• Attendee Raise Hand function.</li> <li>• Local Audio and Video Recording.</li> <li>• Additionally, Accession Webinar licenses include a 100 participant Accession Meeting license!</li> </ul>	<ul style="list-style-type: none"> <li>• 100 Participants</li> <li>• 500 Participants</li> <li>• 1,000 Participants</li> </ul>
